

Benefits of the CICU SPSS consortia license include:

1. Enterprise (unlimited) License would cover installation in all university labs and university owned machines as well as office and home machines for faculty and staff for academic purposes;
2. Student home use option;
3. Expanded Windows module option;
4. Ability to choose Macintosh platform or Windows platform or both platforms;
5. Expandable to include to other SPSS products & services in the future.

How the pricing grid below works: Member institutions would first find the segment that contains their student Full Time Equivalent enrollment level on the left. They can then select SPSS First Platform-you can choose either Windows OS or Mac OS. Then choose other options (if they wish): Second Platform, Windows Add-ons or Student Home Use. Prices are yearly fees.

Pricing Example 1: XYZ University has 3,200 FTE students, and wants SPSS for Windows as well as the Student option. According to the pricing below, they would pay \$15,000 (\$10,000 for unlimited SPSS for Windows and \$5,000 for the student license).

Pricing Example 2: ABC College has 1,500 FTE students and primarily is a Macintosh campus, so they want SPSS for Mac & but since they have Windows users too, decides they want SPSS for Windows too. According to the pricing below, they would pay \$11,250 (\$7,500 for Unlimited SPSS for Mac and \$3,750 for Unlimited SPSS for Windows).

<u>FTE Level</u>	<u>First Platform: (Windows or Mac)</u> SPSS Base, Advanced Models, Regression Models, Tables, Trends, Categories	<u>Second Platform: (Windows or Mac)</u> SPSS Base, Advanced Models, Regression Models, Tables, Trends, Categories	<u>Add on Modules for Windows: Conjoint, Missing Values, Exact Tests, Maps, AnswerTree, Amos</u>	<u>Student Home Use (Windows and/or Mac):</u>
0-1,500	\$7,500	\$3,750	\$3,750	\$3,750
1,501-4000	\$10,000	\$5,000	\$5,000	\$5,000
4,001-10,000	\$17,500	\$8,750	\$8,750	\$8,750
11,000-20,000	\$25,000	\$12,500	\$12,500	\$12,500
20,001-30,000	\$32,500	\$16,250	\$16,250	\$16,250
>30,000	\$40,000	\$20,000	\$20,000	\$20,000

Media Distribution and Technical Support:

We will ship one master set of media to the designated contact at each school. They will then have the right to duplicate an unlimited number of copies to the licensed campuses. Replacement media is available if the CD is damaged. Upgrades will be sent to the designated contact. End users with technical support issues will need to contact the help desk at their school, who. We will set up the names of the individuals that cover the help desk to allow them to have phone access to the SPSS priority technical support line. No end user should call SPSS directly for technical assistance. We do offer bulletin board and list serve options that end users can access for questions to their peers.

Existing License Renewals and Credits:

Your campuses will have the right to continue using their license and renew independently or forego their license and take advantage of the buying power of the centralized license. No credit will be given to any campuses that have purchased a license prior to this agreement as this license is discounted far more than normal.
