CICU AFFILIATE PROGRAM

Independent colleges and universities of New York are collaborating to reduce costs, promote strategic alliances, and leverage economies of scale. Through CICU, the Independent Sector is leveraging the collective purchasing power of more than 100 of the finest institutions in higher education to control the cost of college and reduce inefficiencies.

Businesses are invited to join our effort, and campuses are encouraged to take advantage of these opportunities. Business members selected to join our program are committed to enhancing independent higher education by offering products and services to CICU member institutions.

Members of our Affiliate Program are trusted partners, with established higher education relationships, and a reputation for quality. CICU members know that collaborative companies like this year's sponsors are vetted and are providing the best available value.

For more information about this program please contact Shelly McCallig, Director of Member Services, at 518-436-4781 or smccallig@cicu.org.

Cullen | Dykman

Cullen and Dykman is a full-service law firm that has been providing legal services to clients for more than 170 years. The firm's Higher Education practice group is a multidisciplinary team committed to helping colleges and universities navigate the ever-changing higher education landscape. Our attorneys are experienced in areas affecting academic institutions, including academic and student affairs, regulatory compliance, Title IX, labor and employment, governance, mergers and affiliations, bond financing, tax, charitable giving, intellectual property, real estate, construction, environmental, data privacy and cybersecurity, internal investigations, and litigation. In addition to advising on day-to-day matters facing institutions during normal times, Cullen and Dykman is uniquely experienced in advising higher education institutions dealing with the significant and complex challenges frequently presented in times of financial difficulty while concurrently working towards identifying and pursuing long-term solutions for a sustainable future.

Cullen and Dykman's higher education attorneys bring a wealth of knowledge and experience to service colleges and universities generally and are often retained for project-specific engagements as an efficient way to address critical matters and their legal implications. Mindful of the economic realities facing academic institutions, the firm's focus is on providing practical solutions to complex legal problems that avoid unnecessary burden and expense.
